

Hallo Leipzig.

Hello from ECC, the leading clearing house for energy and commodity products in Europe. As part of the EEX Group, we have our roots in Leipzig and 16 offices worldwide. For our customers, we make trading more secure through physical and financial settlement of transactions concluded on the EEX Group exchanges. What's the secret to our success? We are an expert team of dynamic individuals that drive forward exciting projects while sharing experiences, celebrating success and creating memories, together.

Compliance Officer (f/m/d)

Your tasks:

You will advise our colleagues in business and infrastructure units regarding applicable laws and regulations by performing "second line of defense" controls tasks and ad-hoc investigations. You keep abreast of material rules and regulations for exchange trading as well as clearing and settlement. Your role also includes monitoring outsourced Compliance tasks, managing special Compliance projects, and fostering compliance awareness through training activities.

In doing so, you receive a great deal in return for your outstanding performance from your team. After all, we value the exchange of ideas, being there for each other and encouraging each other to become better. We call it: the exchange mindset.

You have made it this far – together with us you can go further: Please send your job applications to Michael Schur at jobs@ecc.de or have a look online at ecc.de > Career.

You are welcome at any time.

(For encrypted transmission of your applicant details, please contact jobs@ecc.de)

Welcome to our World.

We offer you:

- › Attractive compensation and benefits including childcare facilities, meal allowance, job ticket, sports and recreational events
- › Personal development through extensive training and learning offers
- › A place in a dynamic and international team within the EEX Group and the Deutsche Börse Group
- › A long-term perspective in the constantly growing and evolving energy industry

The exchange mindset.

You bring along:

- › Apprenticeship in banking or university degree in law, economics, business administration or equivalent degrees
- › Compliance or risk management experience in a bank or an exchange is a plus
- › Business English on negotiation level and German language skills
- › Knowledge of the processes in commodity exchanges, in particular spot and futures trading of power and gas
- › Knowledge of the IT infrastructure in exchange trading and clearing and settlement
- › Knowledge of the European/German regulatory environment
- › Strong problem solving skills with the ability to exercise sound and balanced judgement
- › Highly self-motivated and capable to work under pressure
